

# Operation IPC in Ambulatory Surgery Centers

---

## Overview

Join the American Medical Association and a panel of infection prevention experts on **Wednesday, April 24, 2024, at 11 a.m. Central** for a discussion on how ambulatory surgery centers implement infection prevention and control (IPC) practices to meet their patients' unique needs. This is the second event in the Building Blocks of Infection Prevention & Control Series.

Learn about guidelines and tools specific to this facility setting and discover how effective IPC practices have a positive impact on patient care and outcomes.
